

BASIC INFORMATION

Lacquered fireplace grate with mesh:

- can be used both outdoors and indoors,
- is mainly used to cover the ventilation holes at the fireplace,
- the grille body is made of painted steel sheet,
- the frame is made of galvanized sheet metal,
- Two colour versions: white powder coating (RAL 9016) and graphite powder coating,
- available in two sizes (170x170 mm, 170x490 mm),
- Both colours and both dimensions are available in two designs: closable and non-closable.

Installation:

We brick up the frame, into which we then just insert the grid itself.

Package contents:

Grid Frame

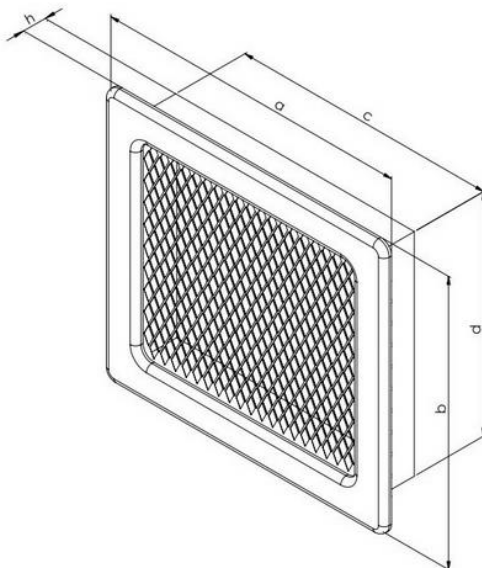

FEATURES & BENEFITS

- simple, clean design,
- high-quality workmanship and materials guaranteeing a long service life,
- mesh against mussels and dirt,
- simple installation and easy maintenance,
