

BASIC INFORMATION

Stainless steel ventilation grille with frame and mesh:

- Can be used both outdoors and indoors,
- the grille body is made of high-quality food-grade stainless steel DIN 1.4301,
- the grid frame is made of high-quality plastic with high resistance to UV radiation,
- it is equipped with a stainless-steel mesh against mushrooming on the back,
- It is available in three sizes (150x150, 200x200, 250x250 mm).
- Active area of the product:
150x150 (83cm²), 200x200 (165cm²), 250x250 (290cm²)

Installation:

The frame is walled up (plastered), a plastic cross is cut out and the grid is screwed into the crescents in the frame (they allow the grid to be rotated).

Package contents:

Stainless steel ventilation grille, plastic frame, stainless steel anti-mussel mesh, stainless steel screws, dowels.

FEATURES & BENEFITS

- simple, clean design,
